KUDOS

Recommending Cristy Guy is like going to Disney World. I can say this because I worked at Disney World and know of their expertise in guest satisfaction and value. Cristy is no different in her expertise and attention to detail. When she is on the job, I have less to worry about because I know she will provide the highest quality service to the project.

-Dave Baerg, Owner Mighty Storytelling Productions

Cristy is an extremely well-rounded and creative individual. She's the perfect complement to my business because she brings so much to the table. I've had the privilege of working with her and hiring her for several years and I'm still learning from her and am impressed with her. I absolutely recommend her.

-Shaun Cloud, SC Motion & Stills
